## SUMMARY

---

Software Developer currently in the Final Year of Engineering who loves to learn new technology and build software. I have developed a few projects and contributed to open-source projects. I am passionate about learning new things and building software.

## EDUCATION

---

- |  |                          |
|--|--------------------------|
| • <b>BMS Institute of Technology and Management</b><br><i>B.E in Information Science and Engineering; CGPA: 8.28</i> | Bengaluru<br>2020 – 2024 |
| • <b>M.J.F Public School</b><br><i>12th Class; Percentage: 78.6</i>  | Varanasi<br>2019         |
| • <b>Kendriya Vidyalaya 39 G.T.C</b><br><i>10th Class; CGPA: 9.6</i>   | Varanasi<br>2017         |

## PROGRAMMING SKILLS

---

- **Languages:** C, C++, JavaScript, NodeJS, HTML, CSS, MySQL, MongoDB, ReactJS
- **Technologies:** Git, Github, Bootstrap, Netlify
- **Certification:** Introduction to cyber security [🔗](#)

## PROJECTS

---

- **Web Based Chat Application:** [🔗](#)  
Chat app built with HTML, CSS, JavaScript. NodeJS in the back-end and React-js in Front-end. Built using Socket.io for communication, it is a library that enables low-latency, bidirectional and event-based communication between a client and a server.
- **Client Management System:** [🔗](#)  
Client Management System implemented in C++ with features including add customer, list of customer, search customer, sell product, list of sales. This Client Management System provides functionality to add and manage customer information and search for customers.
- **Collatz Conjecture Visualizer in C++:** [🔗](#)  
Collatz Conjecture is a math problem that asks whether starting from any positive integer and following a specific rule will eventually lead to the number 1. The rule states that if the number is even, divide it by 2, and if it's odd, multiply it by 3 and add 1. While it is easy to test for small numbers, proving the conjecture true for all positive integers remains an open question.

## ACHIEVEMENT

---

Part of FILBangalore, organized by Filecoin on blockchain.  
Captain of Department Basketball Team in inter-department sports.  
National Talent Hunt Examination Scholarship holder.  
1000+ followers and 200k+ impression on Blogs.

## SOFT SKILLS

---

Communication, Leadership, Time Management, Problem Solving, Team Work, Adaptability

## HOBBIES

---

Cooking, Reading Books and Blogs, Playing Basketball
